“I’m Right Here” - Supporting People with an Intellectual Disability-Who may be Deeply Forgetful and or Living with Dementia. *An Introduction Course to Dementia Care for People with an Intellectual Disability . NMBI Category 1 approval 6.5 CEUs*

The aim of this 1 day course is to educate staff who work with older adults with an intellectual disability to develop their knowledge, ability focused in supporting the ageing population. To recognise the signs of diagnostic overshadowing related to the presentation of cognition loss within this cohort group. To develop person centered care pathways for persons living with or without dementia as they age.
